

Automaton Story's walkthrough

About

The game's plot is simple and doesn't require the player to seriously think about the quest. Most of the clues can be understood from the dialogues. But mostly you have to talk to someone, bring or find something.

The main storyline revolves around the relationship with your (MC's) sister. Others (aside of required interactions to advance the plot) are purely optional.

As the game is still still in development, many of the mechanics and interactions between characters may change.

GUI

From the top, this window represents the time of the day with a color: **Morning**, **afternoon**, **evening** and **night**.

The day of the week is in the middle.

A hint appears at the bottom, depending on where the cursor is positioned (not always).

Notebook. The main character contains important information in it. **Hints**, **Inventory**, **Relationships** and **Cheats**.

Controls for the **mobile version** of the game.

Helps to fast forward scene(s).

Console:

show/hide screen winbut

Controls for the **mobile version** of the game.

Helps to hide the GUI.

Console:

show/hide screen skipbut

Menu / options. Useful for mobile versions (Equivalent to hitting Escape key on your keyboard).

This element takes you to the map. Appears in locations where there is no visible exit.

This element appears when someone follows you. If you click on it, the character will leave.

In addition to the usual settings, you can also change the type of penis if you like.

Walkthrough guide

The player has an access to a journal (), which, among other things, sports a set of progression hints.

Some paths intersect and require a different storyline to be completed. This mainly concerns the main plot. The game also features many minor characters that you won't see in the book. Some are obvious, some are not. With that said, there are no tips for them. But their quests are usually easy and straight-forward.

Main Storyline

The main storyline is intertwined with the relationship with your (MC's) sister. Therefore, to progress, you will have to build a relationship with her at the same time.

- Help your sister to wake up and make breakfast

Go to the hall, then to the sister's room and click on her.

Afterwards go to the kitchen to make breakfast. Click on fridge.

- Go to Master

Get out of the house, then go to the factory. And go to Master's office.

Talk to Master.

- Talk to Master about automaton

And again... Go to Master and talk to him. He will give you a blueprint.

- Examine the blueprint on the table (Make a list on the table)

Click on the table in your room.

- Find and buy items for automaton

To find out where to find all the elements, you can click on the corresponding element in the drawing on the table.

Typical elements:

Talk to Karl in his shop. Select the "Order typical elements" option (you need 130\$ to place an order).

After you place your order, it will take a day before you can pick it up at the store.

You can pick up your delivery every weekday when Karl is in the store.

Optical sensor:

Sarah can help you. Select the “Optical sensor” option.

You will also have to wait one day and come back to her. You can also come any other day. After the date, she will give you what you want.

Steam core part:

Go to the factory and talk to Master. Select the “Steam core part” option. Then try to get to the chief engineer. You will find out that you need a key for his office.

Ask the Master about the key, select the “The door is locked” option. He will direct you to the secretary. Talk to her and select the “Key to Chief Engineer” option. Now you have a key.

She will ask for a favor. “Sit down” option will give you the secretary and MC scene. If you select “No thanks” option then she asks you for a bottle of wine. You can find it in Karl’s store or in Mart in the steam shop. Finally, you can talk to the chief engineer.

Cooling system parts:

Go to the shopping center in the Steam shop. Talk to the shop assistant.

If you choose to have sex with her, you get the cooling system parts right away.

Otherwise, you have to buy them (you can still have sex with her afterwards).

Tools:

For this, the sister's Love must be equal to 3.

The tools are in the house, but you need to find them. Sister will help you. Talk to her.

Select “Talk” and “Tools” options.

– Fix Automaton

To repair an automaton, click on it. The automaton is in the MC's room.

This can only be done in the afternoon and evening on weekdays and in the morning, afternoon and evening on weekends.

– Take automaton to Master

Click on automaton and select the “Follow me” option. Then go to the factory in

Master's office.

– Upgrade automaton

Go to the library and find Spike. Click on her and select the “Looking for book...” and “Book for automaton” options. You need to buy “Synthetic blood blueprint”.

Now we go to Sarah and ask her to follow you. Then we return to the library and go to the workshop. Click on Sarah and select the “Work” and “Synthetic blood scheme” options.

Now you can ask automaton to follow you and go the factory. Talk to Chief Engineer and select the “Upgrade” option.

– Talk to Master

Go to the factory and talk to Master.

– Find Chief Engineer

Go to the factory and find Engineer.

- Follow Sarah's story

Get the glove with Sarah

It's all for v0.17

Sister's Storyline

- Find a book in your room and give it to your sister

The book is between the table and the bed on the floor. Then find your sister and select the "Talk" and "Give Incest Book" option.

Next, you need to advance in the plot with Karl. After two visits, you can go further.

- Visit your sister at night in her room

Go in her room at night and click on slipping sister. Select "Remove blanket" and "Yes". You can touch her or return, the quest will still count.

- Talk to your sister

Find her and talk.

Now you need to advance through the main plot to continue.

- Find her in bath

Go to the bathroom when your sister is there. You can find her on Wednesday and Friday evenings. Select the "Spy on [sis name]" option.

Then click on sister.

- Ask Karl about new book

Go to the Karl's house. Find Karl in his room and talk to him.

To get this dialogue you need Love was 6 and you've slept with your sister in her bed at least once (with option "Act"). If you have 5 Love, check if you gave Incest Book 2 to your sister from Spike in the Library.

- Find and give new book to her

Go to the library and ask Spike about the "Book for sister". Buy book "Dating my sister". Then give this book to your sister. (Select "Talk" and "Give Dating my sister").

- Next day, her room, evening

Tomorrow or any next day, you can come to her in the evening and get a scene with

your sister.

That's all for v0.17

Karl's Storyline

– Talk to your friend

Find your friend house and click on it. If this is your first acquaintance with Karl, then he welcomes you. You can also find him at work in his father's store. Or you can meet his mom at work.

To continue, you need to have an automaton already

– Talk to your friend

Find a friend in his room. And select the "Invite home" option.

– Invite him home again

Find him and invite again.

To continue, you need to start the chapter on collecting spare parts for an automaton.

– Help Lauren in store

Find the store and go in. If you haven't worked yet, you can start work the next day after talking. Start work when Lauren is there.

– Talk with Lauren

Find her in the house during the day when she is sitting on the couch. Select the “Talk” option.

– Talk with Karl

Find him in his room and select the “Talk” option.

– Talk with Lauren

Talk with Lauren again in her house.

– Make a reservation in café

Go to the cafe and talk with waiter. Select the “Make a reservation” option.

– Talk with Lauren

Find Lauren in her house and talk about a date. Select the “Date” option.

– Talk with Karl

Find him in his room and select the “Talk about Lauren” option.

– Ask Lauren not to work in the evenings

Find Lauren at her workplace in the store. Select the “Talk” option.

That's all for v0.17

Sarah's Storyline

To start her storyline, you need to find her at home and go to her room.

To start first quest you need to get to the collection of spare parts for the automaton.

- Talk to her

This is a part of the main plot. Just talk to her and go on a date the next day.

Next, the automaton must be assembled

- Take her to the workshop

You have already shown the Automaton to Master in the quest from the main story.

Go to the library and find Spike. Click on her and select the “Looking for book...” and “Book for automaton” options. You need to buy “Synthetic blood blueprint”.

Now we go to Sarah and ask her to follow you. Then we return to the library and go to the workshop. Click on Sarah and select the “Work” and “Synthetic blood scheme”

options.

- Talk to her in the park

Go to the park. Go right. Click on Sarah. She'll be there on weekend evenings. Talk to her and keep asking.

- Bring automaton to her

Find it in your room or park and bring an automaton with you.

- Have a few dates

You need to have 2 dates in any order

Ask Sarah to follow you then go to the cinema (in the evening) and park.

Now you can have sex with her

- Find Sarah

Find Sarah in her room and talk.

- Make a list on table

Click on table in your room.

- Buy materials:

leather and wires can be found in Karl's store

energy cell can be found in Karl's store or you can ask Chief Engineer about this and get "Broken Energy cell". Then go the workshop (now you have license and can go without Sarah) and click on table to fix the cell.

alloy can be found in the factory. Ask Chief Engineer about this. Then go to Archie and Ryuto. To talk with Archie you need to talk with Ryu (automaton) first. Then ask Archie about alloy. Then ask Ryu about alloy.

metal sheets can be found in Karl's store. Ask Karl about this after you get other materials.

– Talk to Sarah

Find Sarah in her room and talk to her about glove.
